

~ The Sovereign Authority of God ~  
Chapter and Revelation 2 of 2

The first END days Judgement of man by God's Judge given in the 'Case':  
[The Australian Tax Office & Baycorp Officials v/s Mrs. C. Barnes](#)

The following contains further information to be deliberated upon by all involved in matters of control, punishment, debt collection, judiciary and enforcement as related to this case. I set out below the implications for everyone involved in this case with my deeper reasoning and further revelation to that given in Chapter 1 of 2.

These articles also reveal the True spiritual difference between the present 'Constitution of Control' by God via man, which is one of control throughout every land on earth, a control backed by force of arms. The new 'Constitution of Light' to be ushered in is to be a Constitution which will never be backed by force but by free giving and true personal freedom for all, one returning peace to earth as man 'bows' to God and obeys His "Peace & love" Command.

~ The 'proof' of 'guilt or debt or liability' within the Law of man & God's Law ~

The 'proof of guilt' or debt or liability as the result of the contravention of a legislated 'Act or Rule' depends upon whether or not the application of the 'act' stated is valid or invalid within the Powers granted by the Constitution and, in this 'case,' whether the act used to validate the claim is overruled and thus nullified by the primary 'Freedom of Religion' Act of the Constitution.

The 'proof of guilt' or 'debt or liability' within the context of God's Law is simply whether the actions of a person were a contravention of the code of conduct Command of God:

Primary TRUTHFUL and RULING Command that stipulates:

"Go your way in peace and love one another and be merciful, compassionate and forgiving."

**The Commonwealth Constitution Act states:**

SECT 109 - Inconsistency of laws - When a law of a State is inconsistent with a law of the Commonwealth, the latter shall prevail, and the former shall, to the extent of the inconsistency, be invalid.

**My additional points around the JUDGEMENT of The QUESTIONS at hand are:**

**Question A** - The Constitutional legality or otherwise of your action against her and, is the \$2,200 claim a legitimate one in her case or not, in respect to her Constitutional 'Freedom of Religion' belief Rights?

**Judgement on A -The Constitutional Law reality** - There are unseen factors needing to be 'exposed' by my pen, factors raised to assist everyone making demands upon others. This pertains to the 'informant' who seeks recompense (In this case the ATO officials) or the 'informed' debt collector agency acting for it.

All parties need to understand that within the 'Freedom of Religion' Clause of the Constitution it is quite clear that a peaceful person who does not disturb the peace of the land is a FREE person permitted to NOT belong to any Institution of man nor subjected to ANY of its rules.

It is also forbidden by God for a person to support, condone or fund ANY institution of man that has a contra ideology to that Commanded by God.

As government 'policy' (controlling, taxing, punitive and warring ideology) is in conflict with the ideological belief in PEACE of individuals such as Mrs. Barnes and others who are not voting members of the Institution, it follows that she is not a person to be 'taxed or fined or punished' by any political edicts enshrined as text within the books of rules of said institution naming itself 'The Government.'

As a consequence of the belief in absolute peace, such an individual is NOT required by the LAW of the Constitution to submit any tax returns to the officers of said institution. It follows that any debt collection agency that has either purchased the alleged debt or is attempting to recover same for the ATO, is carrying out an ILLEGAL activity.

While the \$2,200 is 'listed' as a tax debt it cannot be such because it is simply a fine imposed by taxation officials and as such constitutes an illegal imposition within Constitutional law. Equally, it is illegally imposed within the scope of the Imperial Act 1980 as given below:

**Imperial Acts Application Act 1980 - SECT 8**

PART II Transcribed enactments

8. [1688] I William and Mary Sess. II (Bill of Rights) c. II - 12. All grants and promises of fines and forfeitures of particular persons before conviction are illegal and void.

**Fines are Unlawful if issued without a court conviction**, according to the Imperial Laws of England, which are still in force and cannot be repealed without a referendum.

The legislation source below simply states that a person cannot be fined or have their property taken from them without a court conviction.

**Note:** The Infringements Court is not a constitutionally recognised court.

Legislation source: [http://www.austlii.edu.au/au/legis/vic/consol\\_act/iaaa1980240/s8.html](http://www.austlii.edu.au/au/legis/vic/consol_act/iaaa1980240/s8.html)

**Question B** – Is the Taxation Act 1953 valid in this case or is it overruled by the 'Freedom of Religion' Act within the Constitution?

**Judgement on B – The Constitutional Law reality – Ref: 116 'Freedom of Religion' Clause, and: Section 109 of the Australian Constitution – quote:-**

In Australia, legislative power is held concurrently by the Commonwealth and the States. In the event of inconsistency between Commonwealth and State laws, section 109 of the Constitution of Australia provides that the laws of the Commonwealth shall prevail over those of a State to the extent of any inconsistency.

(*Carter v Egg and Egg Pulp Marketing Board (Vic.)*) When s 109 takes effect, the State law yields to the Commonwealth law, but remains a **valid law \*** of the Parliament which enacted it.

**Note: valid law \*** - The implication being that State law is valid unless it is overruled by a Commonwealth Law such as the 'Freedom of religion' Act, an Act that ONLY applies to those who do not disturb the peace of the land.

**Operation of the Constitution and laws.** This Act, and all laws made by the Parliament of the Commonwealth under the Constitution, shall be binding on the courts, judges, and people of every State and of every part of the Commonwealth, notwithstanding anything in the laws of any State.

In the Annotated Constitution of the Commonwealth of Australia, Section 330 titled "Its Interpretation," John Quick and Robert Randolph Garran say:

"In the exercise of the duty of interpretation and adjudication not only in the High Court, but every court of competent jurisdiction, has the right to declare that a law of the Commonwealth or of a State **is void by reason of transgressing the Constitution.**

This is a duty cast upon the courts by the very nature of the judicial function. The Federal Parliament and the State Parliaments are not sovereign bodies; **they are legislatures with limited powers; and any law which they attempt to pass in excess of those powers is no law at all it is simply a nullity, entitled to no obedience.**"

It follows that the 116 'Freedom of Religion' Clause clearly overrides any latter day Taxation Act. Due to the facts given - that Mrs. C. Barnes cannot deny her belief in 'Peace at all times and in all situations' and, she would have to deny her belief if she funded the coffers of an institution having the proven contra ideological belief in "War."

The contra ideological belief of the institution of the State government functions as a method of control via coercive threats, being punitive processes of retaliation and ultimately retribution.

The action taken to recover money from Mrs. C. Barnes is an illegal activity with no Constitutional backing. There is no contract for services, written, verbal or implied between the institution named the ATO and herself.

Any assumed 'contract' based on past precedent was canceled in her letter to the ATO in 2002 stating her reasons for no longer paying taxes due to her ideological belief. If the ATO believes otherwise I ask that the contract between the ATO and her be tabled for me to view.

Mrs. Barnes is being persecuted for her religious belief in absolute pacifism, this is a treasonable act in contravention of both the Constitution of the Commonwealth of Australia policy and of the Constitution Act of the State of Tasmania, as well as being an “activity” that defies the Command of our Creator.

The ATO ‘officials,’ through their attempts at extortion and other punitive acts against her, are thus proven to fail in abiding by God’s Command of “Peace unto all,” and are therefore “self-proven” to belong to an “extortionist and punitive” doctrine of retribution and punishment. This in itself demonstrating that said officials and their organization have a contra ideological religious belief to that lived and practiced by her.

It is her stated ideological belief that she is entitled to live in accordance with her religious ideological belief as long as she “Goes her way in peace” as commanded by God and the Constitution, and thus does not disturb the peace of others nor interfere in their lives, nor cause others harm.

She further believes that she does not have to “bow” to the dictates or “constraints” of “mortal” man because their “control and interference and punitive manner” is ungodly and undemocratic and in opposition of what she believes “freedom and democracy” stands for.

**Question C** – Is the 'Freedom of Religion' ACT of the Constitution 'dead or alive'?

**Judgement on C** – The freedom of Religion Act is indeed being ignored because to date no 'precedent' has been set whereby local magistrates can be 'hailed in' or held to be accountable for their 'lack' of judgement on the “Freedom of Religion’ issue.

The main issue is that the 'Masters of the House' (Earthly Monarch & legislators) who uphold the Sovereign Constitution have been so 'drunk' on power that even 'they' now believe that magistrates can do whatever they wish to as long as they 'grab' every penny available from the people living within their borders.

All I as an individual 'voice' can do is to ALERT you ALL to the FACT that the REAL invisible Sovereign Ruler (God) is to now show HIS 'hand' in the manner revealed by me on my main web site and, any person found by HIM to be (a living swine) defying HIS Commanded 'Freedom of Religion' Policy is to be swept into the abyss for eternity for the utter disregard and cruel disrespect shown towards HIS children.

**Question D** – Has the Constitution been overthrown by rogue politicians to the extent that this base Primary Law of the land is now 'null & void' and thus the government has fallen through anarchy?

**Judgement on D** – The government has 'fallen' and as such is operating illegally because a state of Anarchy exists within the political arena. For a very long time politicians have used their position to extend their powers beyond the bounds not only of democracy, decency and honour, but to increase their control over the whole population.

Decency, morality and honour disappeared as they ‘legislated’ many immoral and illegal ‘Acts of Parliament’ now enshrined as 'laws,' laws permitting the invasion of privacy of the individual. The exponential increase in monetary extortion and control within every activity of man is self evident and, -

In the minds of politicians, the Primary and democratic 'Freedom of Religion' Law of the Constitution is null and void and is totally ignored by them as well as by magistrates and judges

and in a manner that is **reasonable** while enabling politically motivated edicts to flourish and thereby mislead everyone. The ultimate consequence of this is the disintegration of society.

The doctrine of 'lawlessness' now exists within all areas of the government and judiciary. This is illegal as is their control over the population. Their taxation is illegal and their overbearing RULE is also illegal in the context of the Constitutional powers which grants their mandate.

Conversely, it is important to remember the existence of the "Peace & love & forgive" code of conduct policy granted to all mankind within God's Sovereign Command which is also totally ignored by politicians, judiciary and law enforcers alike.

**Question E** - The most important point is whether or not our client has immunity from **persecution, prosecution and enforced taxation** and protection by the Constitutional Authority stemming from her spiritual belief in the doctrine of **PEACE**.

**Judgement on E** - Yes, the client has immunity from persecution, prosecution and taxation and is guaranteed protection by the Crown within the 'Freedom of Religion' act of the Constitution. As a consequence, it follows that any punitive action against her 'person' is an illegal activity of the most serious nature.

Mrs. Barnes knows that IF any person is foolish enough or 'bold' enough to go ahead and extract money from her bank account then it is simply a 'debt' owed to God for some other 'infringement' of HIS 'policy,' - "As you do to others is done unto you." This would make such a theft a debt being seized on His behalf by an arrogant person who will ahead suffer the same loss within the Law of God (As you sow so shall ye reap) and, - - -

Since she is an absolute pacifist she will take no action against such a persecutor but will simply give him the wisdom of God's holy Word to help him on his way.

**Question F** - Is the 'Freedom of Religion' Act of the Constitution being ignored by the Judiciary and enforcement agencies? If "Yes," then a state of **ANARCHY** exists, and **illegal** 'rule' by **force of arms** exists.

**Judgement on F** - The 'Freedom of Religion' Act of the Constitution is being ignored by the Judiciary and enforcement agencies and a state of ANARCHY does exist. This has resulted in illegal 'rule' by force of arms.

If magistrates wish to earn an honest wage they must 'judge' using the 'lead' of the law established for them by the Constitution and they must be guided by it accordingly. When a magistrate ignores the Constitutional Law and mandate he is assuming that 'as god' he is above the Law.

Let them open their eyes and follow THE LAW because their present 'choice' to ignore the Sovereign Mandate granted within the Constitution, the raising of same being their only authorization, their 'legitimacy,' shows the insanity, anarchy, and vanity of the day.

Magistrates do grave injustice not only to themselves but to the people and worse still, to the police and other 'controllers' who are LITERALLY being given a '**bum steer**'\* by precedents now set in cold hard rock. In so doing the police have been placed in grave peril because, not only are they unknowingly exceeding the Constitutional mandate and disturbing the peace of the peaceful, but within God's Law, as they 'judged' so will they be judged, not by the laws of men but according to God's Law.

Note: 'bum steer'\* - Being directed to intimidate, seize goods, fine, punish and incarcerate peaceful persons with NO 'legal' backup within the Law of the Land nor the 'Command of God.'

Equally, the 'legality' of raising up a 'Taxation' department in the first instance, - - - being an institution within an institution and, - - - which invokes its own rules of engagement and, - - - that have punitive measures attached for non compliance backed by force of arms to impose its demands upon others, is an illegal activity in God's eyes as well as being in total contravention of the Command of the Supreme Authority, Almighty God.

Is it legal to attempt the collection of a debt that has been proven to be illegal? - NO.

### ~ Tax debts - Debt collection - Complicity & Culpability -

Politicians are no longer servants of the people but instead have become 'masters' who by 'invocation' impose 'edicts,' inspired by their every 'wish or whim,' created solely for the purpose of extracting money from the people.

These endless sums of money are of a twofold origin. One of the first was the introduction of taxes by legislation. Many of these were based on a living LIE when the one who introduced it into 'law' was the same person who made a promise prior to their 'election' that no such tax would ever be imposed by them or their office, as for example with the imposition of the GST. (Goods & services tax)

The other nature of monetary extortion is that gained by the process of implementing 'fines' for the disobedience to any one of a multitude of 'edicts' enshrined in increasing 'new laws' issued by whosoever is in office at the time.

These fines are purported to be for the benefit of the community as a 'deterrent' and punishment for any 'breach' of the introduced law. Under the guise of 'paternal protection' these endless 'edicts' bear a strong resemblance to the extortion of money via the direct taxation system.

More to the point, the 'fine' if it remains unpaid, generally due to the poverty of the individual, not only increase the debt but it is used as an instant revenue raiser when sold off to a debt collection agency.

This type of organization then goes forth as 'wolves' hunting down their victim to dispossess them of their money in whatever nefarious way possible, even to the extent that their victims become insolvent or homeless. Such actions are reminiscent of practices engaged in by the Mafia or other such nefarious organizations of crime and certainly do not belong in "Constitutionally legal" affairs and, - - -

The officials employed by debt collection agencies go forth and persecute others in order to earn their 'wage' all believing that the Institutional 'Act' under which they are licensed to 'steal' is a valid and legal entity which abrogates them from any 'comeback.' This is a grave **error** of belief.

In many cases coercion is used by threats that monies will be 'added' to the debt, the fear of which is meant to force compliance. Far greater pressure is also used by initial threats including theft of property (stealing) which is also deemed a 'legalized' tool utilized to recover said debt.

Any resultant mental, emotional or physical trauma engendered by these methods of 'recovery' is perceived by the 'collector' as 'legal Justice' and consequently deemed to be 'honorable.' It is the legalization of these methods by either 'governmental departments and/or the judiciary' which has led to the belief that there is no 'recourse' upon any who were involved in the 'persecution' of the 'victim' and their family.

The stealing, coercion and punishment used by debt collectors whether falsely 'legitimized' or not, causes a 'disturbance' of the peace of the other, and is therefore in contravention of the "Do not disturb the peace of the land" Act of the Constitution. It is also a denial of the 'Word' of the Sovereign Crown Ruler, God, and consequently is an illegal, criminal activity subject to His Law.

It is this error of judgement and the very bad policy it inspired which incites civil unrest.

~ **When is an alleged debt a true debt deemed to be recoverable?** ~

It is incumbent upon the debt 'collector' to do their homework first to ensure that the alleged debt is in fact a debt or otherwise. The debt collector needs to understand that if in fact it is not a true debt, any attempt to pursue the person concerned is an illegal attempt at extortion, and if found to be such by THE AUTHORITY then all complicit to this attempt suffer the painful consequence.

**Is a true debt recoverable within the context of the Constitution and the Command of God?**

"Yes," but the person seeking payment must first 'show' that the debtor *factually accrued* such debt through either borrowing the funds or for services supplied at the request of the 'debtor' but which the debtor then failed to pay, and, - -

In either event, in order to satisfy the "*Do not disturb the peace of the land*" ORDER within the Constitution and God's Command, the 'collector' cannot use coercion or force. The debt collector needs to be a 'mediator' who only makes 'civil' and agreed arrangements with the debtor.

In the event that the debtor is dishonorable and refuses to pay, then they must be forgiven by the 'claimant' and the debt thus left unpaid, but, - - -

The dishonorable debtor must be advised that within the Superior Law of the invisible Creator that nothing is for free and the outstanding 'dues' will be collected by Him. (God) Men need to understand that God's justice is absolute and always impartial and His Dark punitive forces will always balance the Scales of Justice.

All the loss or inconvenience or suffering resulting from the debtor failing to pay his dues would 'fall' upon his own head at a later time as so ordained by God in this world or the next.

~ The teaching ~

Every person needs to be taught that God Commands man to be 'giving,' respectful and considerate of others. Those who believe that they are justified in using others to support their ways or, by using their services with no payment, need to be taught that their ignorance and arrogance will simply lead them into the similar situation later when others equally 'rude' and inconsiderate will walk in and take from them.

It is God the Authority who sets the wolves in motion against persons who disturb the peace. It is God who 'authorizes' their punishment at the hands of other mortals, individuals arrogant enough to defy His "Peace" Command which leads them to mete out divine retribution within the precepts of His 'eye for an eye' Law but which also, mostly unknown to them, causes them to accrue a similar painful spiritual due.

Every 'government official' today has the status of a 'mini god' with the 'legislated' right to report an infringement to a rule which, if not complied with, then results in control, interference, persecution and punishment of another person. These punishments are backed by rules that are legal as well as illegal within the definition of the Constitutional TEXT explained herein.

It must be understood that this realm of consciousness is one filled with persons having 'Sin' \* within their souls. (The 'Sin' is the Dark negative emotions within all.)

Given the reality of the existence of this dark energy within mankind, it causes people to at times become 'sinners.' \* (Sinners, being those who succumb to their negative emotions and as they lose control of their thoughts they cause others to suffer in some way.)

Becoming a sinner simply means that at times individuals lose control of their 'sanity' due to the power within of their negative emotions. When this happens they become persons who DO 'disturb the peace of the land.'

These people then become 'active' sinners subjected to the punitive repercussion of being a person having the religious DOCTRINE and BELIEF in the use of aggression to cause harm or injury or a disturbance. Once acting in this way these people prove their religious adherence to the use of FORCE as they defy the Sovereign Power and they are then 'liable' to be taxed and fined and punished and dispossessed within the bounds of the present Constitution.

There are however persons, individuals living on the land and having negative emotions within them, (SIN) that do NOT lose control of their emotions and thoughts and thus they do NOT disturb the peace of the land. This they do because they try very hard to live by the religious ideological belief in PEACE at all times and in all situations as Commanded by the Creator and the Constitution and, - - -

These persons having the conduct of PEACE do have immunity from having to belong to any group or institution of man which has a *contra* 'warring' disposition and consequently these people ARE granted immunity by the Constitution and God from having to conform to the rules or edicts set by other mortals.

~ State ownership of man ~

Every person living on the landmass of Australia or any other land needs to ask themself:

1. When did I I 'commission' the Institution of 'government' to own my body, mind, and soul and thereby be my 'conscience'? - NEVER
2. When did I accept by written 'consent' to be controlled by the TEXT in the 'books' of rules used by officials of said institution? - NEVER
3. When did I agree to live in accordance with the beliefs of other mortals employed by said institution? - NEVER
4. Am I entitled to walk alone with God as my guide and protector and follow my own conscience? - YES.

People living on earth need to understand that when they 'vote' in a man or woman to be their 'leader' and 'protector' they make the choice to have man, rather than God, become the consciousness that rules them.

When they so do either by vote and tax contributions to the Institution they prove that they have enslaved themselves to ITS **controlling, interfering, punitive, warring and destructive** ideological doctrine. This doctrine, consisting of the - rules - laws - edicts and regulations which are then imposed upon them, results in them giving over individual RIGHTS and, - - -

Having done this, individuals automatically become complicit to all the interference and injury **imposed** upon others by their servants, being state officials, government officers and their enforcers.

The consequence is that their suffering becomes greater as God, via telepathically inspired legislation, burdens them all even more for their unfaithfulness and continued defiance of Him and His "**peace & love**" Command.

IF a person wishes to have God as their leader and protector and become 'free' they must be obedient to God and be peaceful, merciful, compassionate and forgiving unto others who are still not living in peace. Those living in peace under God's commandment must also NOT support any contra doctrine and, - - -

They must only pay for the provision of **benign community services** that they need to use or seek to support, and they will **GIVE** freely from their income to others who they wish to assist as asked by God.

After 'summarising' all the available information at hand it is my conclusion that:

X - There is no constitutional nor spiritual legality for any institution of man to raise up a 'taxation' department that exists solely for the purpose of **extorting** money from people in a **forceful** manner.

Y - There is no constitutional nor spiritual legality for any person employed by any institution to raise up 'edicts/rules/decrees/laws' invoking punitive attachments for non conformity because all are coercion and threat.

Z - There is no constitutional nor spiritual legality for imposing any 'fine' for a taxation offence unless the 'recipient' has by legal agreement bound themselves by said 'consent' to pay the tax office an 'agreed' amount of money annually for any expressed purpose. Example: For protection by armed forces or, the provision of other itemised services that were agreed to and provided, but then remained unpaid.

There is also no spiritual legality in the assumption of the controlling 'body' of any institution that IT, the Constitution, invoked by mortal man, - - - could in any way exonerate them or subsequent people upholding said Constitution, - - - from having any immunity from God's Law in respect of any contravention of the overriding Sovereign Command of God:

*"Go your way in peace and love one another."*

Any contravention to these precepts places all complicit into the **punitive** aspect of God's LAW:

*"As you did 'punitively' do unto others will by others be done unto you."*

### ~ God the Protector ~

As God is the invisible 'protector & avenger,' we the 'children' need to show Him our trust in His Power as we simply get on with our life without supporting, condoning or funding any person or institution such as the 'government' that has the contra religious ideology to that of **Peace** as commanded by God.

The 'Crown' being the ultimate Sovereign Power that stands invisibly behind the Constitution of man is God the Father. The often 'named' earthly personages such as Queens, Kings, or other leaders are not the 'head of house,' they are simply the ignorant 'puppets' raised up by men whose edicts and ways are always protected by men using force of arms.

This force is the Dark energy of God in action that is being used to control, subjugate, and punish sinners who continue to defy their God as they support and condone and fund the contra ideology of War in their defiance of His "**Peace**" code of conduct Command.

This destructive force being the forbidden to use fruit from the 'Tree of Evil' is the means of CONTROL by God via man in every realm of consciousness outside heaven, the ONLY realm of pure light and NO control and, - - -

As this dark energy is absolute '**deception**,' it hides itself within a 'cloak' of honour and justice that IT IS, but man sees not that as they implement ITS **control** over others that they are presuming to be 'as great as' God.

Having total belief in his own invincibility man now believes that he has immunity from God's Law. That is the 'gravest' **error** of belief leading to the eternal damnation and agony of the individual exercising these 'powers' over others.

### ~ The 'ticket' to freedom ~

The 'ticket to freedom' is granted by God to those that have faith in Him and His power to protect them IF they bow in subservience to His Commanded code of conduct policy, and this immunity is enshrined as a 'precept' within the Constitutional 'Freedom of Religion' clause.

Yes, believe it or not our God is very 'close' and is observant of all and everything going on at every moment of passing time.

What is the 'immunity' granted?

It is the **immunity** from **persecution, control, enslavement, harassment, prosecution, punishment, banishment, dispossession, injury and suffering.**

It is the freedom to live with no 'restraints' and to thus not be coerced or forced to support and fund the contra ideology of War and, to not have to live within the political legislation of other mortals and therefore to not be a person 'governed' by the ideological rules of other mortals.

Why is this immunity ignored by magistrates?

Because even though you may now have chosen to live within the "**Peace, love, mercy, compassion, forgiveness**" precepts of God's Command and have also decided to not fund by taxes or fines the coffers of other ideological 'beliefs,' there are still spiritual 'dues of suffering' to be met by all of us.

These dues are dues within the context of God's Law, dues that derived from your past when you were still defiant of God and complicit to the iniquity imposed upon others via the system you supported.

This accounts for the reason as to why the mind of the 'magistrate' simply ignores the Constitutional ruling because his mind is controlled by God who telepathically passes out ongoing **punitive** judgements upon you until such time as all your past dues to Him are paid.

After such time and when all your spiritual debts to God are paid then no man, whether judge or magistrate is able to enforce any punitive judgement upon you because in their mind they will find no 'reason' to so do as you now have God's protection.

### ~ The 'leap of faith' ~

The leap of faith is simply seizing control of your fears and courageously 'jumping' into the unknowable and unseen as you 'trust' and 'believe' in the existence of an invisible all powerful 'being,' a God who has the power to protect you, uplift you, purge your soul of dark energy (sin) and save you and ultimately grant you entry to His Paradise of pure love and light in the after life.

I have written much in my earthy time but I now choose to use the text within an old 'Viking' book of 'Runes' that was given as a gift to my dear wife Gillian many years ago by her best friend with his inscription inside:

*"May your TRUE self be revealed."*

All my texts written to you the reader have the same intent as he had when he placed his little gift in her hands. I now 'copy' some of ITS text herein for I do believe that they are applicable to those taking or seeking to take that 'leap of faith.'

It is headed by the words: "The unknowable, the God Odin" – The Viking God.

*"This is the Rune of total trust and should be taken as exciting evidence of your most immediate contact with your own true destiny which, time and again rise like the phoenix from the ashes of what we call fate - - - relinquishing control is the ultimate challenge of the spiritual warrior - - -*

*Here the unknowable (God) informs you that it (He) is in motion in your life and - - - by choosing that Rune - - - it shows - - - undiluted potential - - -the totality of being - - - all that is to be actualized.*

*This 'Rune' when chosen brings to the surface our deepest fears - - - Will I be chosen? Will I be abandoned? Will it all be taken away? And yet our highest good, our truest possibilities and all our fertile dreams are held within that 'unknowable' blankness."*

Willingness and permitting are what this Rune requires, - - - this Rune calls for no less a courageous act than the empty-handed leap into the void - - - and is a direct test of faith.

I now reiterate that THE 'leap of faith' required by GOD your Creator is that you TRUST in His capacity to protect you and purge your soul and grant you eternal freedom IF you now turn your back to the controlling, interfering, punitive, merciless, unforgiving and warring ways of man and turn to Him and 'bow' to His Primary Command and, - - -

In order to permit His: *"As you did sow so shall ye reap"* Law to fulfill itself in your life and thereby to pay all your dues, you must *"Go as a lamb to the slaughter"* and never retaliate when faced by adversity while courageously you forgive your enemy as you give them God's message via your good and loving counsel.

### ~ Revelation 2 - The ruling FACT ~

The raising up of a Constitutional document or a 'flag' or 'nation' was motivated via the mind of mortal men by God the Father so that He, from a 'distance,' could rule and control sinners, being those who defy Him and believe in the use of force and 'protection' by man and, - - -

It is thus that God controls, subjugates and punishes said sinners who believe in obeying the dictates of men inspired by God's Dark power. It is the failure to see this truth that leads to none seeing that this punitive aspect of God's energy is what leads all 'followers' deeper into **lack, loss of freedom, hunger, deprivation and great travail.**

The reality is that God gave mankind the 'Freedom of religion' proviso in the ruling Sovereign Constitution so that ANY individual who truly believed in the *"Go your way in peace & love & mercy & forgive thine enemy"* Command of God would be freed from the strangling control of negativity and, - - -

The act of going their way in peace and with love, mercy and forgiveness means that those individuals did not 'vote' nor condone nor support nor fund by taxes the controlling, interfering and punitive government.

These individuals consequently become a person FREE to go their way in peace without ANY of the rules/edicts/ laws legislated by the institution of government being applicable to them.

They are free to do whatever they wish to as long as they do not disturb the peace of the land.

Any person who continues to vote in someone to 'govern' them ahead of their God is a deluded and ignorant person who by that act informs God that they are deserving to be **controlled, enslaved, interfered with, taxed, punished, dispossessed, or killed.**

There is ONLY one 'Shariah' Law of **Islam**. There is only ONE Law of 'Christendom' or any other religion, for there is ONLY one God who is named 'Allah' by some and 'God' or 'Odin' etc., by others

**The ONE Law states:**

*"AS you sow so shall ye reap – as you do unto others will by others be done unto you on an equal and thus 'eye for an eye' basis."*

It is imperative that you understand that it is ONLY those who now turn their backs to the use of force and governance by man who will survive spiritually and become free to roam the heavens.

Enlightened man will know that every person or institution using the 'spear, axe, sword, gun or rules' as its 'tools' of **control or enforcement**, is a **terrorist** organisation that was 'elevated' through arrogance, pride, vanity, greed, power and ignorance and, - - -

Any such institution is an 'order' having the doctrinal belief in the use of force to vanquish all opposition and is therefore a very DARK religion posing as a benign fatherly figure. The support of it is to be avoided at all costs.

As government agencies using their rules have seized control of every aspect and endeavor of the lives of man, the believer in 'peace & love' must withdraw their support and only fund the benign community provision of services directly. Funding the 'heart' of the system via taxes means that you are also funding its 'life blood' which is the factor of control and punishment.

Man needs to understand that the Dark energy of God exists within His frame and IT is indestructible and ONLY His prerogative to use with immunity.

IT the dark essence is simply what it IS, being the destructive energy essence that is opposite but equal to the creative Light energy essence of God and BOTH have the same immutable and infinitely JUST Law:

*"Use MY energy and IT will return unto you in EQUAL measure of pain or pleasure."*

~ How God's Judgement is implemented ~

Let it be known to all mankind that the Dark Sovereign Power God has 'endless' lists listing the names of all spirit beings existing outside the realm of heaven, being persons that have contravened His Command and are thus defaulters.

The 'case' against these persons have been accrued, added to, or 'amended to' every moment by moment of time and, I am advised that the FINAL Judgement is soon to be imposed upon all as and when God the Almighty Authority voices that it is to so BE.

The manner in which each is to be judged is now revealed, and the example I give applies equally to each of thee. You are judged 'punitively' upon your accrued daily critical, judgemental, merciless, cruel and unloving, unforgiving or punitive activity in your interaction with others, being any action in contravention of:

**The Primary TRUTHFUL and RULING Command of God that stipulates:**

"Go your way in peace and love one another and be merciful, compassionate and forgiving."

Any benign action that is in accordance with the precepts of God's Command is recorded within the benign aspect of God's Law, whereas this final Judgement refers to the punitive aspect of God's Law as God 'balances' HIS Scales of punitive Justice against any conduct unbecoming that arose due to you defying His code of conduct Policy and, - - - in denying the Command and by trespassing into and using the 'forbidden to use' Dark aspect of God's energy in any interaction with any other child of God. (The fruit from the Tree of Evil)

If you are by God to be 'judged' as a person needing to so be judged and punished within God's Law due to any failure on your part to bow to His Command above, then you will be judged according to aforesaid failure to bow to God's Command and the following 'articles.'

Are you a person who in any way injures or causes others to be disadvantaged, interfered with, taxed, enslaved, controlled, evicted, denied freedom of movement, punished, waged war upon or killed or deceived by your personal intent, word, or deeded activity?

Are you a person who in any way injures or deceives in a way that causes others to be disadvantaged, interfered with, taxed, enslaved, controlled, evicted, denied freedom of movement, punished, waged war upon or killed or deceived by the word or deeded activity of others in your EMPLOY?

If the answer to either of the above paragraphs is "Yes," then you will be bound over to suffer that same fate as your 'victims' at the hands of very powerful dark invisible spirit forces operating clandestinely through the mind of mortal men that they 'possess' telepathically.

Further to this above Fact, I need to alert you to a second more 'damaging' FACT that, unbeknown to you, every time the Dark forceful malignant energy is used in ones interaction with others, a small amount of this energy is absorbed into your soul and adds to the mass of dark energy therein which comprise of your negative emotions of fear, anger, hatred, greed, jealousy and, - - -

It is the vibration of this Dark energy that draws your spirit soul down and away from the Light to a lower realm vibrating at the same dark, negative frequency you used.

NO Dark energy can exist in the Light of Heaven, thus it is the weight of Dark energy of God the Source that you ignorantly or arrogantly drew in that is the 'Judge' so to speak. For IT is beyond your control to 'handle' IT and IT is very powerful indeed, and IT is what is to **destroy** YOU if you fail to now heed me.

God the Super Power comprises of both benign (light - creative) and malignant (dark - destructive) ENERGY by which we are created and which 'energizes' our being. It formed our unique spirit beings that exist forever. This energy is ALL KNOWING, ALL POWER, ETERNAL and ever present. These two energies are a LAW unto THEMSELVES

How you as an individual express these energies gives you a just return "good for good" or "bad for bad" as stated, and they are a Law unto themselves, and are therefore the most just and ultimate law, the law that cannot be nullified, altered or changed.

You are **safe** and happy if you only use the Light benign creative "peace, love, compassion, forgiveness, mercy energy, - you are **unsafe** if you decide to use the Dark malignant, destructive, or controlling energy in your interaction with others and, - - -

You are also **unsafe** if you decide to implement a law that requires punishment to maintain It's self in the belief that it will be better for all because, - - - the coerciveness of the punishment 'threat,' as well as the actual punishment, is of itself use of Dark energy.

—  
Any suggestion to use 'forcefulness' comes via the Dark energy telepathically and that energy has within Itself a need or desire to elevate Itself in order to maintain Itself and to mete out retribution and balance IT'S Scales of Justice upon those defiant of God's Command.

These are those who disturb the peace of others which is in direct opposition to the "Meek and Humble - Go your way in peace," benign energy which has no need for 'self' elevation. Dark energy 'Itself' does not suffer because It is unique unto Itself. It is what it is, the great I AM, even as the Light is the great I AM.

—  
NO person 'inherits' the 'sad' and unhappy and destructive 'side' or energy. That energy only grows within a person who defied God and uses the dark energy in their interaction with others thereby suffering the consequence. It just so happens that people have been using IT (darkness) for so long that they now presume it is a Right to so do and that is truly error.

In order to be living in a state of pure bliss one cannot have any negative energy within ones soul, but 'Yes,' when you have darkness within you then you can 'see' the difference but, - - - by the time you have so much darkness within you that you can no longer see the difference between IT and the Light then you are already so far down the 'tubes' that there is **NO WAY OUT \*** and, - - -

You eventually get to the 'point' of the spear where you feel NO 'happiness' and you are revolving in liquid agony forever, and long before that time you will certainly have forgotten what 'joy' meant as your 'brains' will simply be a 'windmill' on fire.

Falling into a state of damnation and suffering is quite easily done because, once you have felt the 'joy' that 'Father' feels when HE 'swats' some fool VIA you, then you will fall 'victim' to His **power** again and again drawing in more dark energy into your soul each time you are a swine.

**Note: NO WAY OUT \*** - The only chance now for anyone to be 'redeemed' is to 'bow' to God and follow His/Her Commands given via my pen and to thus enable the Light to purge your soul of

dark energy you drew in. You cannot become 'pure' within if you continue to 'sin.' (Draw more darkness in by insisting on your doctrinal belief in the 'restorative' nature of punishment.)

The unique and individual 'aspects' of the Light spectrums that were used by God and 'formed' at the moment of your souls 'inception is what makes you an individual Soul.

People of ALL races and named 'creeds' or 'religions' need to know that the 'key' to Salvation is 'simply' to obey and remain in absolute conformity at all times and in all situations to God's Command:

"Go your way in peace and love one another and be merciful, compassionate and forgiving."

AND in order to be able to do the above one should read the Star prayer document and say the 'prayer' daily so as to fortify the mind. "Why," so that ON the day any 'aggressor' comes your way sent by God you CAN maintain PEACE as you extend them a cup of tea and stoically and quietly suffer their imposition without retaliating.

~ The Constitution of the new age of enlightenment and freedom from inner sin ~

As mankind becomes 'enlightened' they will individually STOP funding control, punishment, coercion and war that is the use of God's destructive force.

The government 'head of house' will be replaced by God as head of house, with NO control and having true civil services provided that have advisory departments in the various aspects of life to assist any seeking advice. NO punishment but rather freedom for all.

#### God's Constitution States:

"My children: You 'may' people elect but not to you control or protect, only to assist the disbursement of funds you freely give so that others 'elsewhere' can happier live. Other than this, each goes their OWN way, doing what they are inspired to by ME each day, and whatever any other does do, you personally just be respectful, kind and true."

God the "Source" is the invisible Sovereign Power, Ruler and Authority, and is the 'overriding' factor forgotten by man, but now 'remembered' for man by me. Heed me or bleed for eternity.

As written by the hand of Terence

I AM the 'Plenipotentiary' of 'God - Allah - Odin - Mungu' or by any other name.  
God is THE CREATOR & THE DESTROYER.
